Crosscountry	Ran in College competitions

Report by Company Commander

Sanders is a conscientious and reliable A/WO who has done well at the College. However he has not impressed as an A/Pl Sgt as he lacks forcefulness and self confidence and authority does not come to him naturally. As he matures he should gain in self confidence and become a more robust personality. Administratively he is efficient and he thinks ahead and is a good planner and he should develop into an excellent clerk. He has potential and I see him developing into a useful WO in the future.

Report by Commanding Officer

I support the above remarks. Clearly SANDERS has potential and this will develop as he matures and gains experience in his trade.
